Hi all. I was out on Leave yesterday and just seeing this now. Has our Congressional liaison, Sonam, been in the loop on this? She knows OCIR- and Holt - best. Can you please send the 1:30 invite to a Sonam as well?

Thanks
Mike

Ok. That's why I asked. I will let Holt know and propose a 30 minute discussion for Thursday.

Maria: Can you work with Holt in OCIR (see his email below) to schedule 30 minutes for a discussion he requested on the subject above. Please include all the folks on this email. Thank you for your help.

Enrique

I am good with that but would welcome John and Angeles, if they would like to join. Would be good to have Marie on if we get to any discussion of the current litigation.

John:

Do you want just the two of us to do this one? I think that's all we might need at this juncture for Holt.

Mike: Any advice?

Thanks Charles and John, moving you both to the BCC

John and Enrique, great to meet you both. I'd like to get briefed up at your earliest convenience this week on the study if possible. Please send over some times that work on your end and I will check them against my schedule.

Best,
Holt

John and Enrique,

Can you please work with Holt Edwards (cc'd) to schedule a briefing between him and your team regarding the study and any more background on this topic?

Enrique and John,

We just got off the call with Sen Feinstein and while it well, I'm going to need the information below based on what she brought up.

NOAA and DOI POC's for the dump sites

Study shown to John during briefing with charts showing disposal area estimates

Thank you,
